Arrangements have been completed for opening a new street running from the north corner of A. J. Adams' lot on Danville Avenue, West two squares, connecting with Second street at the old Hall property. This will open up a number of desirable building lots and they will be placed on the market.

On the evening of May 28th there will be a musical at Alcorn's Opera House under the direction of Miss Mello Hopper, assisted by Mrs. Nannie Riffe and a corps of artists. Reserved seats will be on sale at Crit Riffe's store beginning May 24. The ladies of the C. W. B. M. ask your patronage, as the proceeds are for the Master's cause.

The county meeting convened here Saturday, President Carter calling the meeting to order. W. Frazer, assistant State Sunday school evangelist, led

the singing. W. G. Montgomery conducted the devotional exercises. Rev. Willis made an address on "Advantages of Co-operation." Elder D. W. Case, of Lexington, made a strong speech on "Doing Greater Works than Christ Did." Eld. J. G. Livingston then made his report showing that much good was accomplished in a short time and called attention to much that remained to be done. The convention was then favored with a solo by Miss Kate Warriner. Revs. D. M. Walker and J. Q. Montgomery gave interesting talks. After luncheon the crowd listened to a number of good addresses and adjourned to meet again at the call of the committee.

The Interior Journal.

E. C. WALTON

JUDGE M. C. SAUFLEY defeated Judge John Sam Owsley, Jr., for the democratic nomination for circuit judge, carrying every county in the 13th judicial district. As this paper stated last issue, it took no hand in the primary and reiterated what it said, congratulating the victor and sympathizing with the vanquished. The Courier-Journal claims the nomination of Judge Saufley a victory for the whisky element but such is not the case. We know of many warm temperance people who were "teeth and toe nail" for Judge Saufley. The whisky question should never have been injected in the race and the temperance people now see their error. Judge Saufley has proven his fitness for the position by 11 years on the bench and he will again demonstrate that he is the ablest circuit judge in the State. There is the usual talk about the nominee being defeated in November by a republican but such is the worst kind of tommy rot. Judge Saufley will win and win easy. In fact we doubt that the republicans will have the temerity to put a man against him. Judge Owsley, who made the race against Judge Saufley is well known in this district and his many friends sympathize with him in his defeat. He is a good lawyer and well equipped to make a fine judge. The editor of this paper voted for him in the race but is quite as warm for Judge Saufley now as he was for Judge Owsley Saturday.

EDITOR BECKHAM's response to Mr. Watterson's renunciation of his miserable tool, McNutt, after using him for all he is worth, is one of the clearest cut, and most stinging articles that we have seen in many a day. The ex-governor in an editorial in the State Journal shows the fallacy of Mr. Watterson's "damnable Poll Parrot" iteration that a Democrat can not be a prohibitionist, and says that his being one does not effect his party standing any more than his taking the other side of the proposition. The question of prohibition is going to be settled by the people and should no more divide the democratic party than it has the republican party. The article closes with an appeal that every true democrat will endorse: Democrats may differ upon this matter just as they differ upon religion, literature, social affairs, or any other subject, but the State Journal simply asks that they stand reunited, aggressive, and hopeful, that by wise and sensible action they may restore the State to Democracy's control and do their part towards the ultimate redemption of the Federal government from the power of the Republican party.

THE Texas Legislature has passed an amendment to the appropriation for the State Industrial School providing that girls shall be taught millinery and dress making, but in no case are they to be taught to make a hat to cost more than \$20 or a dress more than \$50. No hat shall be more than eight inches in diameter and none shall be made, the brim of which turns down, shaped like a peach basket, bread tray or washboard. Those legislators certainly have great heads on them. Taxation, county unit bills and the pressing subjects worry them not. Women's apparel must be regulated even if the rest of the business goes undone. Pity such wise men can not legislate for the universe, it would be a great relief to us male mortals.

THEY do things somewhat differently in China. For instance a man charged with a capital crime is beheaded and investigation as to the truth of the charge made afterwards. Five officials had their heads cut off for it was alleged, aiding the Boxers. It turned out that they were not guilty and a royal edict has restored their reputation but not their heads, and a pecuniary indemnity has been bestowed upon their families. The five headless officials are not in condition to appreciate the humor of the joke.

THE Rev. Fred Hale, who we believe once held a revival at the Baptist church here, advances the singular proposition that God Almighty and not Banker Parrish, of Owensboro, is responsible for the wrecking of the Savings Bank of that city, by which hundreds of poor people, widows and orphans were robbed of their scanty funds. If the Rev. Hale is in earnest, he must have a mighty poor opinion of Him Whom he professes to serve.

MR. WANAMAKER says that the fact that \$2,418,242 worth of diamonds were imported last month and a large increase in the importation of automobiles indicates that prosperity is coming to its own again. It may be for Mr. Wanamaker and his class of millionaires, but the wage earner sees no improvement, with no increase in his pay and everything he has to buy soaring heavenward in price. It is ever thus. "The rich can ride in chariots; the poor must walk, be Jesus."

THE government at Washington pays \$250,000 a year for rubber bands. The estimate on red tape is not given, but it must be immense.

MARYLAND has a direct primary law which provides that the candidates must pay the expense of the election whether they have opposition or not. Senator Rayner has no opposition, but he must pay \$17,000 for the privilege of being a candidate to succeed himself. This seems to be a very foolish law. It will take more than two years' salary from the Senator without reason.

THE two-headed chicken in York State is attracting a good deal of attention. When one of the heads tries to go one way and the other in some other direction, the bird finally performs like a whirling dervish. This would be a very tame affair down here in Kentucky, where we have gotten used to the political antics of the Courier-Journal.

A LEARNED court in New York decided in the case of a woman who sued a municipality for being thrown down by bad pavements, that the fact that she had on high heel shoes made her guilty of contributory negligence and undeserving of damages. Thus do pride and fashion go before a fall and knock out chances for reparation.

GREAT indeed, our statesmen. On the same day that news came that Roosevelt had killed another camelopard, the intelligence was shed abroad that Taft had outstripped all rivals at golf.

POLITICAL.

In the democratic primary election for State Senator in the 12th district, J. C. Graham defeated W. O. Jones by about 500 majority.

Former Mayor R. J. Rawlings, of Lenox, Tenn., was killed and several other persons were seriously injured in a street car collision in Memphis.

Again the Committee on Finance was upheld when the Senate voted down an amendment by Senator Cummins to lower the duty on round iron, etc., by a vote of 35 to 42.

Maj Albert E. H. Johnson, one of the oldest patent attorneys in the United States, died at Washington in his 83d year, following a stroke of apoplexy.

E. H. Shelman, the Irvington banker and politician, has announced as a candidate for the State Senate in the Tenth Senatorial district, subject to the action of the Democratic party.

Senator Culberson, the minority leader, presented to the Senate a statement prepared by Democratic members of the Finance Committee, detailing the increase which the amended Payne bill makes over the rates of the Dingley bill.

James J. Hill, the railroad magnate, called on President Taft and expressed the belief that if the tariff agitation was cut off short and the oratorical steam in Congress was shut off, the country would begin a great era of prosperity at an early date.

Senator Paynter is speaking for relief to the tobacco growers by the repeal of a tax. He is speaking for relief to the publishers by free paper and wood pulp. He is speaking for relief by a reduction of duties on imported typesetting machines. Senator Paynter believes in relief through a reduction of taxes, not by taxing other persons for the benefit of your constituents.

Dr. C. W. Mathers defeated Hon. C. S. Templeman for State Senator in the democratic primary Saturday in the district composed of Harrison, Robertson and Nicholas counties. Mathers ran on a straight democratic platform and refused to commit himself on the prohibition question. Templeman was an ardent supporter of the county unit bill at the last session of the General Assembly.

MATRIMONIAL.

Low Holmes Walls, 22, and Miss Ora Walls, 15, were married last week.

Allen Best and Miss Ruth Powell, popular young people of Boyle, were married at Perryville.

J. L. Wren, a third timer, and Mrs. Serena Owsley, twice married, were united in marriage at David Reynolds' last week.

Mrs. Dora Richardson-Clay-Brock Thomas, only 25 years old, has been divorced three times. She was known as the child wife of Cassius M. Clay.

To The Democrats Of The 13th Judicial District Of Kentucky.

With gratitude for my friends who fought so valiantly for me and especially with many thanks to Rev. T. W. Barker for the interest he manifested in my behalf, I submit to the will of the democratic party. Many falsehoods were circulated on me during the campaign, some of them totally without any foundation. Wishing that the saloon will never again be opened up in any county of this district and hereby tendering my services to do all in my power in the future to accomplish this result, believing that a man can be a democrat and a local optionist. I am yours truly, J. S. Owsley, Jr.

One man was killed and several others were injured by the explosion of a fire in the boiler of a steamboat near Fairport Harbor, O.

Miss Caroline Steele, of Kentucky, is to be chief maid of honor for the Confederate reunion at Memphis.

Terms—\$500 cash in hand, balance one and two years from date of sale, bearing six per cent interest until paid. Persons looking for such place please write or see W. G. WALKER, Stanford.

Lincoln Squirrel.

Red bay 7-year-old, black points, 16 hands high and full made, heavy mane and tail, good bone, splendid back and blue neck, well set to high mounted shoulders; a combined bred horse, but I use him only in harness and a more perfect harness horse I have never seen; can step very fast with extreme high action all around and I think him to be one of the best stallions in the State to breed to, to get good high-class, walk-trot and business horses that will bring you fancy prices.

He has some yearling and two-year-old colts that I invite breeders to see. Pedigree—Lincoln Squirrel was sired by Merion Squirrel, 98, he by Black Squirrel, 158, he by Black Eagle, 74, he by King William, 67, Merion Squirrel's first dam by Green Mountain, 2d dam by Hughes, Edwin Post; Lincoln Squirrel's first dam, Kate Messenger, by Messenger, Broeze, full sister to Maudie Messenger, 2d dam, 2d dam Maria Leppow by Manthoro Starlight, a full brother to Lady Thorn, 234; 3d dam, Mollie Crow by Helen's Yorkshire. Lincoln Squirrel's grand sire is the sire of more noted high-class saddle horses than any other horse in the world, such as Highland Bonnet, Chester Bary, Red Squirrel and many others. Will make the season of 1920 at my livery barn in Stanford at \$12.50 to insure a living colt. Money due when colt is foaled or mare parted with.

Red Light.

Red sorrel horse, 1 years old, 16 hands high, extra weight and bone. Sired by famous roanster and sire, Red Leaf, who is too well known to need description and pedigree, he by C. F. Clay 218, 1st dam by Red Wilkes. Red Light's 1st dam by Red Maid, by Cecilia 218, 2d dam by the great time to Wilkes; 3d dam Nell by old Halson; 4th dam Noonday by St. Elmo; 5th dam Midnight by Pilot, Jr.; 6th dam Twilight by Lexington; 6th dam Fortune by Wacker.

In offering the services of this promising young stallion we feel safe in saying that with his high class, speed and action that he is bound to prove a great stock horse. Will stand at my livery barn in Stanford at \$15 to insure a living colt, money due when colt is foaled or mare parted with. Be sure to see him before breeding your good mares.

H. G. BRAZLEY, Stanford, Ky.

Chester Peavine

DESCRIPTION AND PEDIGREE.—Four years old, 16 hands, a bright bay with best of bone, conformation and action. Sired by Rex Peavine 1796, he by Rex McDonald 88. First dam Miss Mason 498, by Chester 1800. Second dam by Peavine 85. Third dam by Stonewall Jackson 72.

NOTE.—This horse needs no introduction to the people of this county. He has been before the public since a two-year-old and his show record is known to all; suffice it to say, he was shown all over Kentucky last season by T. Sandberg and met defeat only a few times. He went around no horse, showed every week against all ages in weep-able saddle rings and was never further back than second. He is a show horse under saddle. In harness he has won quite a number of roadster races. He defeated all ages at Nicholasville in the roadster ring. You see from his breeding he has two crosses of Black Squirrel, two of Peavine, two of Stonewall Jackson. If you are looking for fashionable saddle horse blood, here it is. See him and see him and you will breed to him.

Will serve a limited number of mares at \$10 to insure a living colt.

ALL PEAVINE.

Subject to Register. This horse is three years old, a red sorrel, a good shaped one and as good a gelded one as you will find anywhere. He is 16 1/2 hands high, was shown all over the State last year and was only defeated twice by two-year-old stallions—once under saddle and once in harness. Defeated both times by his half brother. So you see he is a horse to be proud of as a show horse. He is all his name implies, being sired by Rex Peavine 1796, 1st dam by Peavine 85; 2d dam by Warren Harris' benchmark; 3d dam by John Noels. If you are looking for Peavine blood here it is. Will be permitted to serve limited number of mares at \$10 to insure a living colt. At same time and place will stand two good male Jacks at \$10 to insure a living colt. These Jacks need no advertising as they have made several seasons at this barn and every one knows their colts. Service fee due on all the above advertised stock when mare is sold, traded or bred to other stock. Due in all cases when colt is foaled.

DALMAS.

Bred by Col. Hall Anderson, McKinney, Ky. This stallion is a dark bay, 4 years old, 16 hands 1 inch high, with best of bone, action, a very heavy mane and tail. Read his pedigree and you will see he is as well bred one as you can find in Kentucky.

Dalmas was sired by Goddard Chief, 1st dam by Titmus; 2d dam by Gill's Vermont; 3d dam by Bay Dick; 4th dam by Danl Shooking.

NOTE.—In offering the services of this young stallion, I feel that he is what we need to insure living colts. He has breeding, bone, speed and action. He will get horses big enough to work, sell and also to make good mares. See him before you breed and you will breed to him. He is well enough bred to get trotters.

TERMS.—Will stand him at low price of \$10 to insure a living colt. Service fee due when colt is foaled, mare traded, sold or bred to other stock. At same time and place the two good male Jacks, Jim Porter and Brignolia. You all know how these Jacks breed. TERMS.—\$10 to insure a living colt. Money due as with above advertised stock.

THERE have been several here from other towns looking over the building lots that will be sold at auction next Saturday, May 22. Interest seems to grow in this sale. There will be a big crowd to attend and the lots will sell readily. And before the year closes we hope to see several more beautiful homes completed in Stanford.

COMMENCEMENT.—Let all who are interested in education, remember the exercises Thursday evening at 8 o'clock at Walton's Opera House. There will be an address of much merit. The exercises given at the close of Stanford Graded and High School should be of interest to all and everyone is invited to attend. You will enjoy it. The speaker is one of extraordinary ability.

ATTENTION LADIES.—On next Saturday, May 22, you are invited to be present at a demonstration at our store when Mr. Powers, the Kar-a-van Coffee man and Mr. Foley, representing Lutz & Schramm, the famous preserve and pickle firm, and Mr. Jack Huttsell, of Uneda Biscuit fame, will be here to "spread the glad tidings" and prove the quality of their respective lines of goods. Come in and sample the good things we have to show you. Geo. D. Hopper, fancy groceries.

ONE of the most interesting services ever held in Stanford was the occasion of the Baccalaureate sermon of Stanford High School Sunday morning at the Presbyterian church. The ministers of the several churches, the trustees, the choir, the graduates and the faculty of Stanford Graded and High School met in the basement about 10 o'clock and formed a procession which marched into the church at the appointed hour. The service was one of interest and success in all of its appointments and was enjoyed by a large audience which was attentive to every part or number. The music was of high order and well rendered by a choir selected from all the churches. Especial features of the music were an anthem by the choir and a most beautiful solo by Miss Mary McRoberts. Miss Mary Higgins presided at the organ and did her work artistically, showing much skill. The sermon by Rev. Sanford M. Logan was presented in a masterful way, showing depth of thought, sincerity of purpose and intensity of zeal. The thought "She Hath Done What She Could" was the gist of the discourse and was presented in a way to impress his hearers with a sense of duty to fellowmen and to God. If the graduates present lives to the world modeled after the high standard set by Mr. Logan in that service, they will have no cause for failure in commencing the battle of life.

PUBLIC SALE!

of 35 Magnificent

Building Lots OXFORDS.

In Beautiful West Danville.

There will be offered at public auction without reserve or by-bid, 35 of the most desirable building lots in West Danville on

Thursday, May 20, '09,

PROMPTLY AT 1 O'CLOCK.

West Danville is located in the very heart of the growing residential district of the city; new houses are being erected and the demand for dwellings in this particular section is far beyond the supply. If all the lots to be offered had a house on them, all could be rented to desirable tenants in less than 24 hours. West Danville is barely outside of the city limits, where all the advantages of the town may be enjoyed, yet without the payment of city taxes.

This splendid sub-division fronts upon one of the most magnificent country estates in Kentucky, and is without doubt the real growing section of Danville, within easy reach of water, electric lights, sewerage and gas.

Several of the lots to be offered front on the Perryville pike and are the cream of the whole sub-division. All lots except those fronting on the Perryville pike are 50x200 feet, and those on the pike are 60x250.

A Splendid Lot Will be Given Away Absolutely FREE on Day of Sale!

Each holder of a ticket will be registered and the holder of the lucky number must be present in person when the drawing takes place. A brass band will be in attendance. Danville's reputation as an educational center is too far famed to require special notice here. It may be mentioned that the Kentucky School for the Deaf, Central University of Kentucky, Caldwell College, Danville Business College, numerous private schools and the best public school in the State are located here, as well as handsome churches of all denominations. Danville is the terminal point of the Southern Railway, and the divisional point of the Queen & Crescent route. Hundreds of railroad people are moving into the city. West Danville is the one available residence section for these people. When these lots are sold all available building sites in this section will have been practically taken, so now is the time to buy.

To the speculator no better investment can be found. Terms liberal and made known on day of sale.

STOP!

Did you ever stop and figure how much cheaper we can sell a better Buggy than the so-called good buggy that sells at \$135 to \$150? We can save you \$15 to \$25 on each. Why? We sell direct. We can make just as cheap as the man in New York, Chicago or St. Louis, or anywhere and we can save you the profit of hauling, drayage and freight and drummer, and the greatest of all is the dealers profit.

Let us figure with you; we have the latest improved machinery; we have a wheel drill that drills a wheel in 3 minutes; we have a sandpapering machine that will do the work of 12 men; our emery and sand belt machine has no equal. Our flexible drill machine will drill 2000 holes in buggy shafts and bodies in a day. How does this figure in drilling by hand. Give us a call. We paint old vehicles and make them look like new.
